

Compressors

First in the World to develop Air-Cooled, Oil-Free Scroll Compressors. We have many advantages to typical oil lubricated compressors.

- SLP Series (1-40HP) -Oil Free Scroll compressors
- TFP Seies (1-15 HP)-Oil Free Reciprocating system or tank mount with composite piston
- SCD Series (5-20HP)- Oil Lubricated Rot ary compressors

Coating Equipment

The world leader in the atomizing technology we offer our superior atomizing capabilities in a wide array of application technologies. Our patented “LV Technology” is the first in the world to offer pre-atomization.

- Gravity and Pressure spray guns
- Robotic coating equipment
- Fluid delivery

Vacuum Pumps

First in the World to develop Oil-Free Scroll Vacuum Pumps

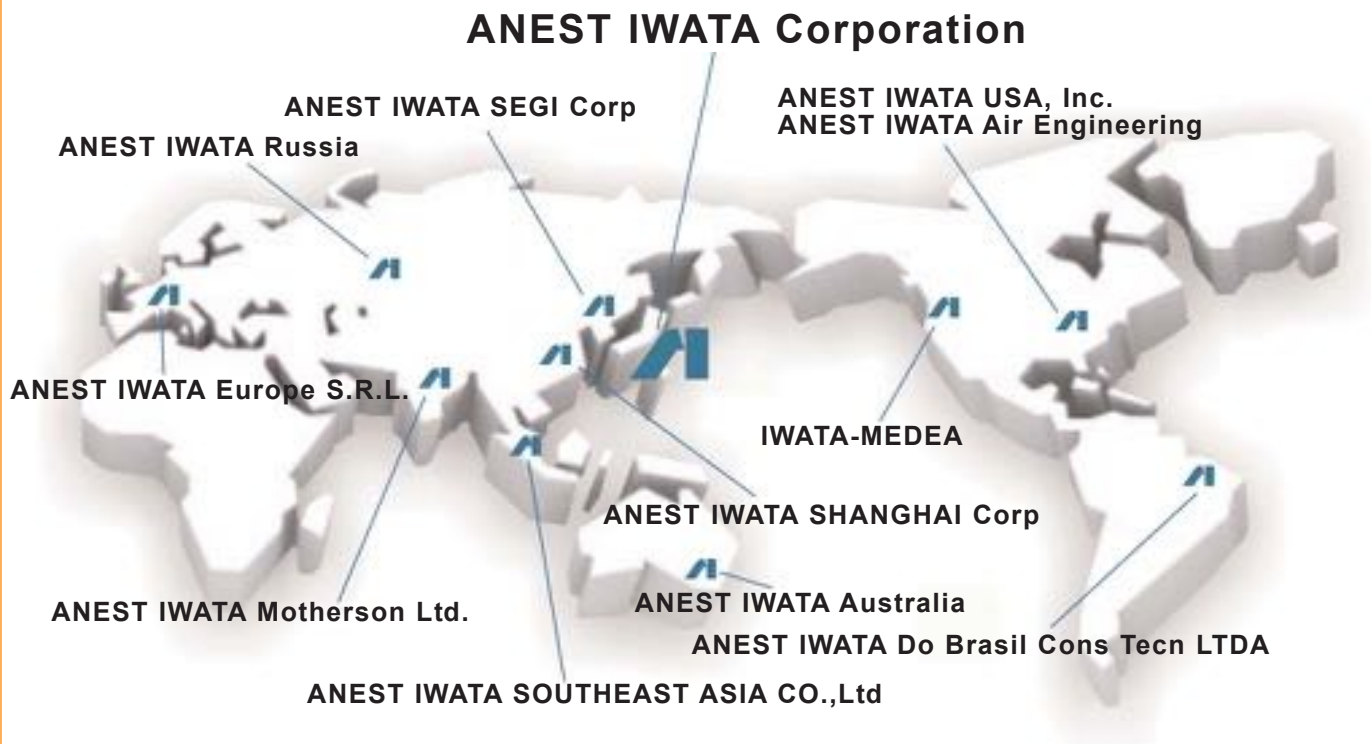

- ISP Series-air cooled, Double-sided scroll
- DVSL Series-air cooled, Single-sided scroll
